

# Bench Marks - Sponsor a Bench

Bench Marks - Sponsor a Bench is a project of Active and Safe Community Routes, a local group working to increase walking for health and the environment.

The goal of the Bench Marks project is to increase the number of benches along walkways and trails in the City of Peterborough. Benches are needed as a place to rest along the way, particularly for seniors.

The cost to sponsor a bench is \$1400. This includes the purchase and installation of an attractive, vandal-resistant bench. Tax receipts are available and when the bench is purchased, there will be a certificate of appreciation given to the donor and a tasteful plaque identifying the donor placed on the bench.

For more information on how to sponsor a bench, please contact Susan Sauv  at 742-7771 at the City of Peterborough or Ann McLeod at 743-1000 at the Health Unit.

Give someone a break today - sponsor a bench!!
